## Calistoga Mattress

### THE DOUBLE-SIDED DIFFERENCE

A modern low-profile silhouette plus hybrid design of supportive coils with plush layers of organic cotton, wool, and natural latex rubber.

#### 1. 100% ORGANIC COTTON STRETCH FABRIC

Natural material upholstery allows for a flexible, breathable sleeping surface.

#### 2. ORGANIC WOOL

Chemical-free, naturally hypoallergenic, and temperature-regulating. This eco-friendly material keeps you warm in the winter and cool in the summer.

#### 3. NEEDLE PUNCH WOOL

A simple process converts 1.4 lbs. of this natural fiber into dense dry-felted protective batting. Eco-friendly and breathable.

#### 4. QUILTABLE LATEX

Filled with all-natural latex rubber for a soft, breathable, body-conforming feel that keeps you cool while you sleep.

#### 5. QUILTED BACKING

Brings the cushion layers of support together for no-shifting, lasting, consistent comfort.

#### 6. ALL-NATURAL LATEX PADDING

2" of plant-based, non-toxic material on both sides of the core. This padding is naturally hypoallergenic, antimicrobial, mold, and dust mite resistant.

#### 7. INNERSPRING CORE WITH LATEX PERIMETER

Traditionally constructed with individually-wrapped Bolsa comfort coils to provide consistent, contouring support with a low-motion transfer feel. Firm edging support with 5" thick natural latex border.
