FEATURES & BENEFITS

Double-Sided

Can be flipped and turned each season for longevity.

Natural Latex

Contouring support that relieves pressure on joints for deep restful sleep.

Natural Wool

This chemical-free natural material works in harmony with your body to regulate temperature and wick away moisture.

100% Organic Cotton Stretch Fabric

Contouring support that relieves pressure on joints for deep restful sleep.

Long-Lasting Durability

Traditionally made with quality materials and thoughtful design.

Cool Comfort

Natural materials provide breathability for body-temperature regulation.

Plush Feel

Provides a cushiony softness that relieves pressure points and comforts side sleepers.

Clean, Healthy Sleep

Non-toxic, natural materials from a healthy sleep environment with no petroleum-based "off-gassing."

Rutherford Mattress

THE DOUBLE-SIDED DIFFERENCE

Double-sided hybrid mattress with low-motion-transfer coils & plush layers of organic wool and 100% natural latex for breathable comfort.

1. 100% ORGANIC COTTON STRETCH FABRIC

Natural material upholstery allows for a flexible, breathable sleeping surface.

2. ORGANIC WOOL

Chemical-free, naturally hypoallergenic, and temperature-regulating. This eco-friendly material keeps you warm in the winter and cool in the summer.

3. NEEDLE PUNCH WOOL

A simple process converts 1.4 lbs. of this natural fiber into dense dry-felted protective batting. Eco-friendly and breathable.

4. QUILTABLE LATEX

Filled with all-natural latex rubber for a soft, breathable, body-conforming feel that keeps you cool while you sleep.

5. QUILTED BACKING

Brings the cushion layers of support together for no-shifting, lasting, consistent comfort.

6. ALL-NATURAL LATEX PADDING

3" of plant-based, non-toxic material on both sides of the core. This padding is naturally hypoallergenic, antimicrobial, mold, and dust mite resistant.

7. INNERSPRING CORE WITH LATEX PERIMETER

Traditionally constructed with individually-wrapped Bolsa comfort coils to provide consistent, contouring support with a low-motion transfer feel. Firm edging support with 5" thick natural latex border.
