FEATURES & BENEFITS

Double-Sided

Can be flipped and turned each season for longevity.

Innerspring Coils

This traditional feel provides firm yet responsive support.

Natural Staple Cotton

Uniquely absorbent and naturally breathable for cool, comfortable sleep.

Double Hand-Tufted

Increases firmness and keeps all of the materials in place with no sagging or shifting.

Long-Lasting Durability

Traditionally made with quality materials and thoughtful design.

Cool Comfort

Natural materials provide breathability for body-temperature regulation.

Clean, Healthy Sleep

Non-toxic, natural materials from a healthy sleep environment with no petroleum-based "off-gassing."

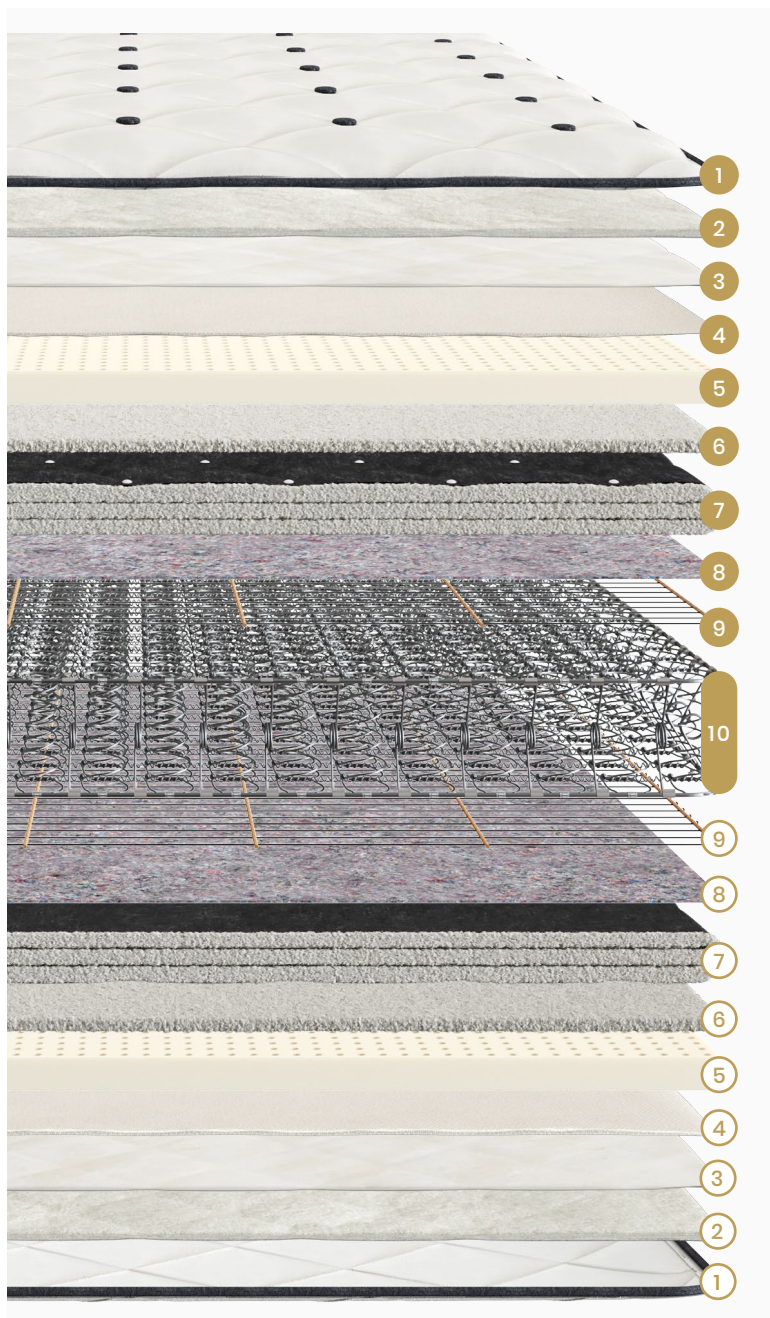

Localized Pressure Relief

Body-supporting comfort provides a responsive sleeping surface for your sleep position and preference.

Uncover Sonama Mattress

THE DOUBLE-SIDED DIFFERENCE

This natural, ultra-premium mattress is double-tufted by hand for increased firmness and uses plush natural materials for breathable, healthy sleep.

1. EXQUISITE QUILTING

Cushioned quilted layers topped with 100% organic cotton sateen fabric and outer tufted with black rosettes through every circle tuft.

2. ORGANIC WOOL

Chemical-free, naturally hypoallergenic, and temperature-regulating. The 2.4 lbs. of eco-friendly material keeps you warm in the winter and cool in the summer.

3. NEEDLE PUNCH WOOL

A simple process converts 1.4 lbs. of this natural fiber into dense dry-felted protective batting. Eco-friendly and breathable.

4. QUILTED BACKING

Brings the cushion layers of support together for no-shifting, lasting, consistent comfort.

5. ALL-NATURAL LATEX PADDING

A 1.5" comfort layer of plant-based, non-toxic material on both sides of the core. This padding is naturally hypoallergenic, antimicrobial, mold, and dust mite resistant.

6. 100% STAPLE COTTON BATTING

Four layers of natural, durable, breathable cotton on both sides of the core for cool, comfortable sleep and increased durability.

7. 100% COTTON TUFTING CLOTH

The all-natural cotton fabric is strong and enduring, ideal for tufting and keeping stitched layers together, preventing shifting or sagging.

8. 100% NATURAL COTTON SATEEN

A protective all-natural cotton layer that increases the bed's longevity and provides cool, breathable insulation.

9. METAL GRID

Provides a firm, protective layer between the supportive sleeping materials and coils for high-quality durability that lasts.

10. INNERSPRING CORE

Traditionally constructed with 368 offset coils to provide greater firmness and enhanced longevity with a responsive feel.

Uncover the *Nature of Great Sleep*

For generations, Custom Comfort Mattress has been dedicated to traditionally handcrafting all-natural and double-sided mattresses in our Southern California factory.
