FEATURES & BENEFITS

Double-Sided

Can be flipped and turned each season for longevity.

Individually Wrapped Coils

Consistent, contouring support with a low-motion transfer feel.

Organic Materials

Materials like organic cotton and natural latex.

Natural Wool

Naturally hypoallergenic, and temperature-regulating.

Long-Lasting Durability

Traditionally made with quality materials and thoughtful design.

Reduced Motion Transfer

Sleep more soundly and consistently throughout the night so you wake up feeling refreshed.

Cool Comfort

Natural materials provide breathability for body-temperature regulation.

Clean, Healthy Sleep

Non-toxic, natural materials from a healthy sleep environment with no petroleum-based "off-gassing."

NATURAL AND ORGANIC 

Willow Mattress

THE DOUBLE-SIDED DIFFERENCE

A plush double-sided mattress with motionless coils and a body-conforming natural latex surface. Pressure-relieving support with plush natural latex comfort layers and individually-wrapped coils for a motionless sleep experience.

1. 100% ORGANIC COTTON STRETCH FABRIC

Natural material upholstery allows for a flexible, breathable sleeping surface.

2. NATURAL WOOL

Naturally hypoallergenic, and temperature-regulating. This eco-friendly material keeps you warm in the winter and cool in the summer.

3. NEEDLE PUNCH WOOL

A simple process converts 1.4 lbs. of this natural fiber into dense dry-felted protective batting. Eco-friendly and breathable.

4. QUILTABLE LATEX

Filled with all-natural latex rubber for a soft, breathable, body-conforming feel that keeps you cool while you sleep.

5. QUILTED BACKING

Brings the cushion layers of support together for no-shifting, lasting, consistent comfort.

6. ALL-NATURAL LATEX PADDING

2" of plant-based, non-toxic material on both sides of the core. This padding is naturally hypoallergenic, antimicrobial, mold, and dust mite resistant.

7. INNERSPRING CORE

Traditionally constructed individually-wrapped coils for reduced motion transfer and firm edge for an expanded sleeping surface, providing greater firmness and enhanced longevity with a responsive feel.
